What will happen first at the hospital?

A friendly helper will
check you in!

They might check your
weight, temperature, and
ask you some questions.

♥ You can ask questions too! ♥

If not already, you will be able to change into some comfy clothes!

You can bring a favourite toy, book, or blanket for extra coziness.

What happens next?

When it's time, you will go to a special room, called a **theatre**!

It has cool
machines and
people that
help take care
of you while
you sleep.

**Next, it's time for
your sleepy mask.**

Mum or Dad can give you a
big kiss and cuddle as you
fall asleep.

When you wake up,
it's all done! ❤️

1. Cuddle

2. Sleepy mask

3. All done!

Time to wake up!

A nurse will help you wake up.
You might feel sleepy or a little
funny. That's okay, it will pass!

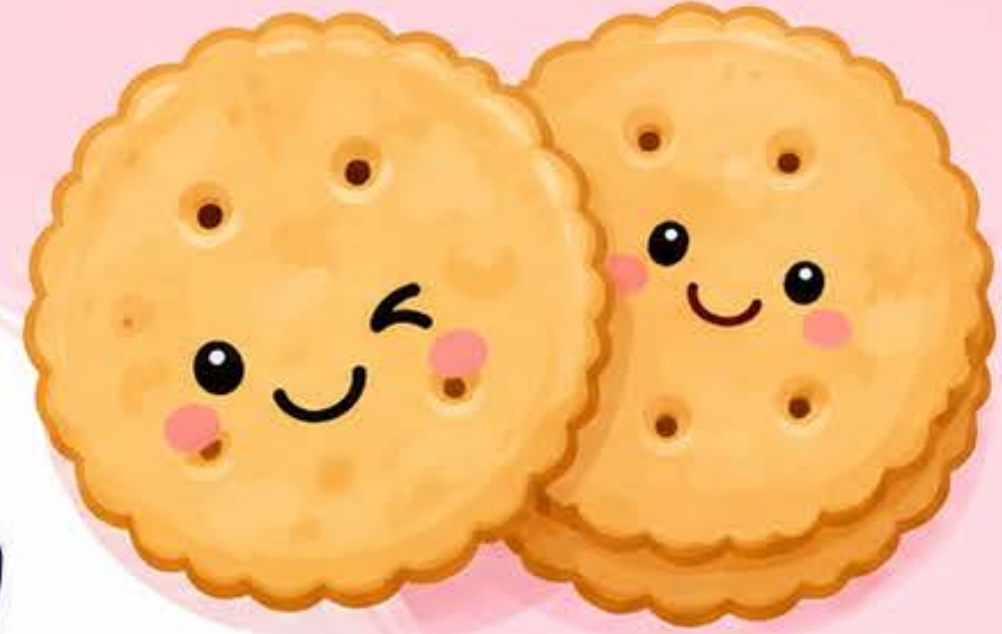

A parent will join you
once you are rested!

Snack time!

You will be walked to another room with mum or dad, and get to choose some delicious treats!

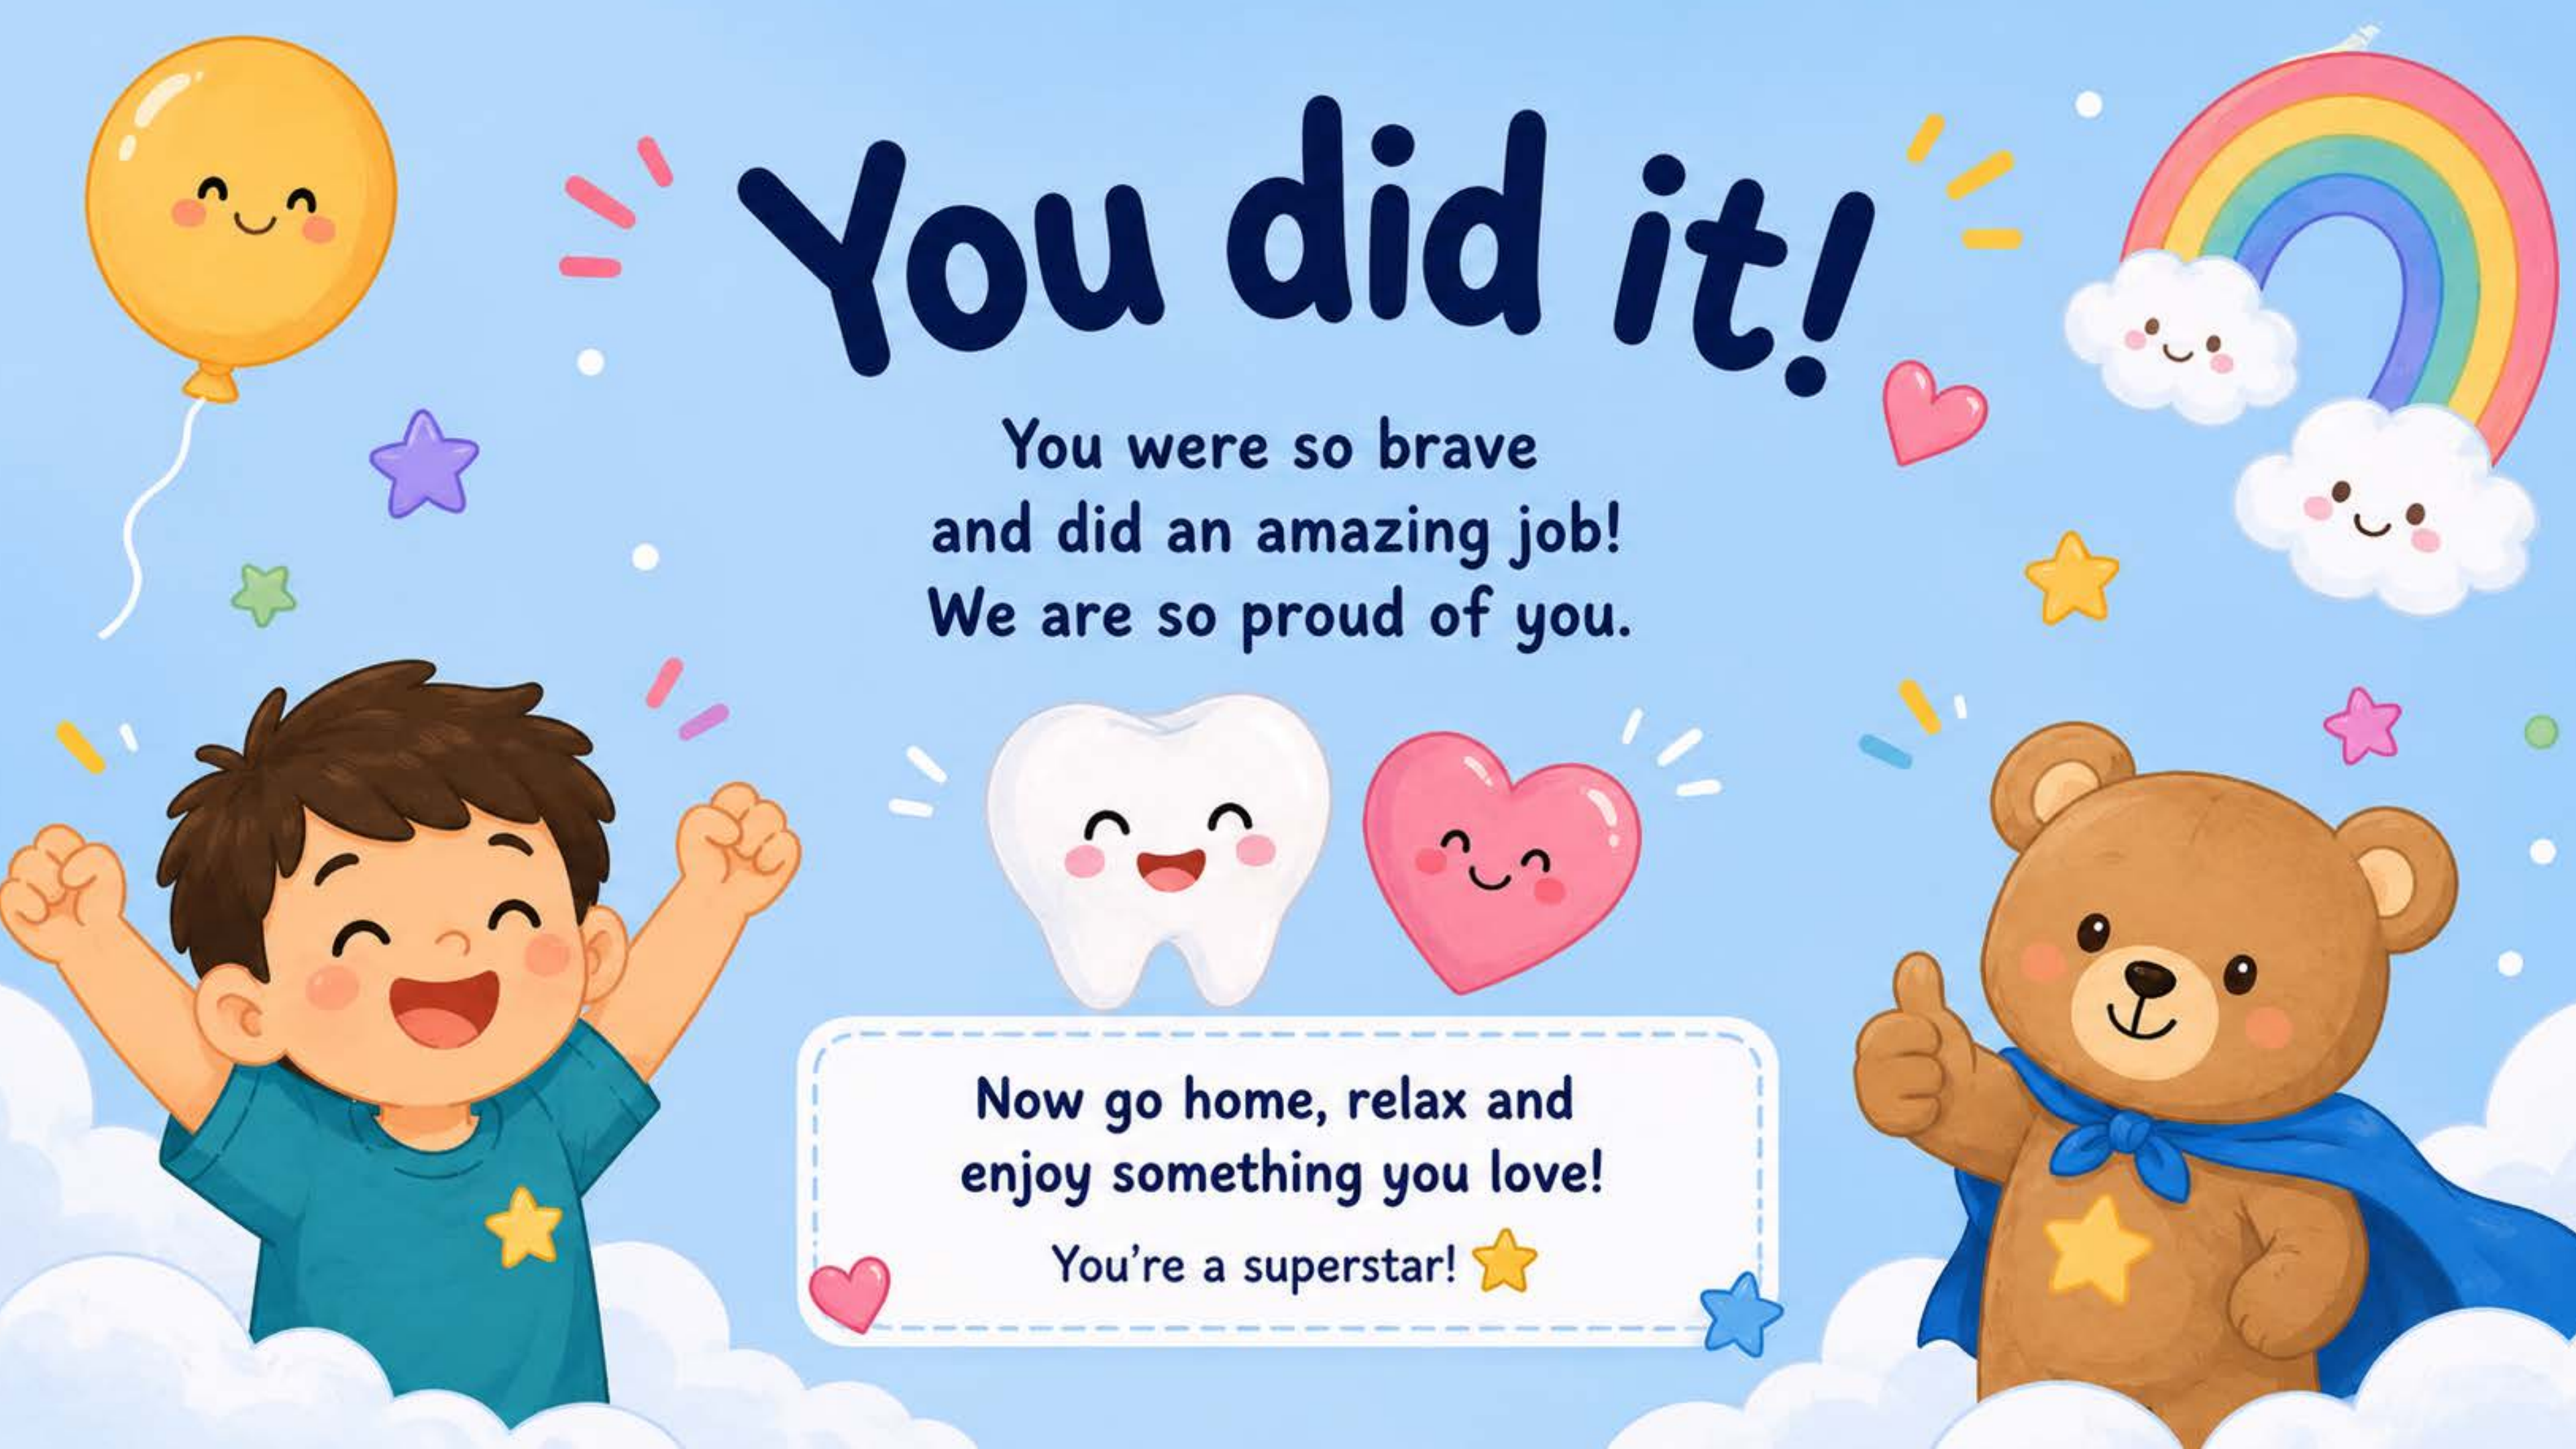

All done!

You can then go home and rest!

You and your grown up
will feel so proud!
What an accomplishment.

You did it!

You were so brave
and did an amazing job!
We are so proud of you.

Now go home, relax and
enjoy something you love!

You're a superstar! ★
